TEN YEARS AFTER PEARL HARBOR

Attack Catapulted U. S. Into World Leadership on Many Fronts

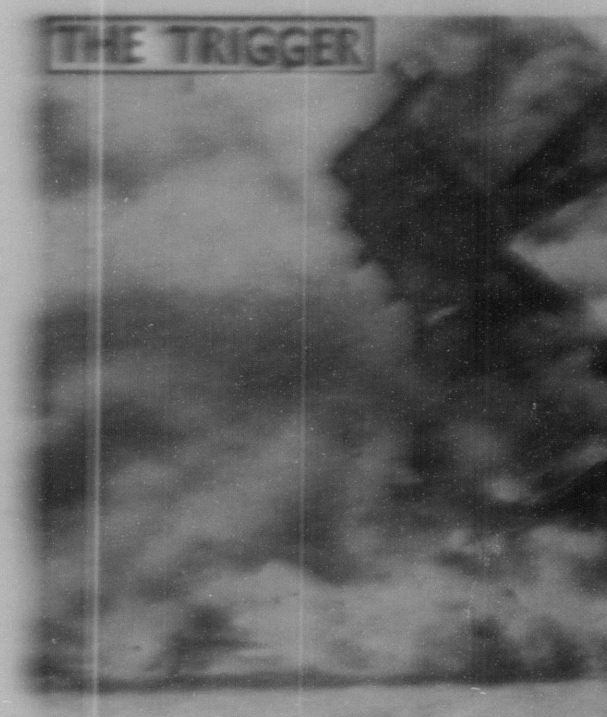

Japan's astounding attack on Pearl Harbor, Dec. 7, 1941, proved to be much more than an act of aggression that put the United States into World War II. Today, 10 years later, we realize that it was merely the explosive start of a chain of events that elevated the United States to a position of world leadership of the forces of freedom. Illustrated below are some of the highlights of that leadership. Nations in fear of Red Russia's imperialistic expansion of Communism, nations nearly bankrupt by the economic toll of war, nations in need of help to meet their standard of living all look to the United States for leadership because this country, of all the world, has the spirit, initiative and resources to stand in the forefront of freedom.

LEADERSHIP
IN THE COLD WARLEADERSHIP
IN THE HOT WARLEADERSHIP
SEARCH FOR PEACE

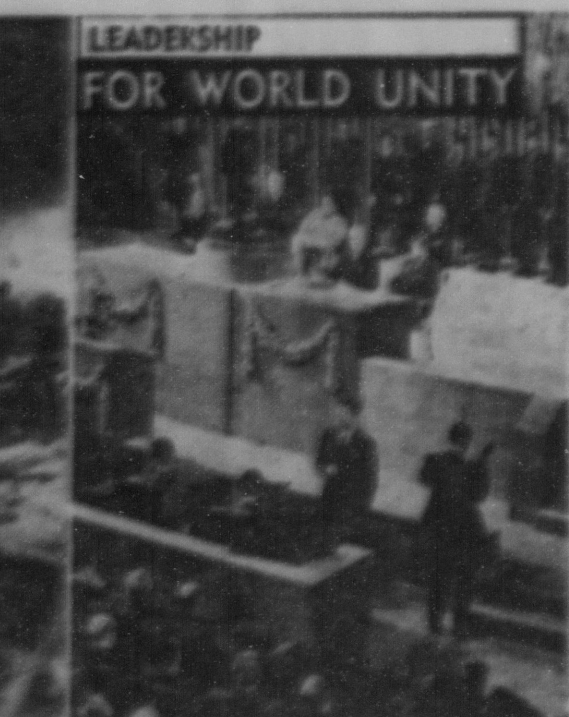

With arms aid to Greece, the Marshall Plan, Four Big program, Berlin airlift and Eisenhower's NATO arm, U. S. has led the battle against communism.

U. S. troops were the first foreign forces committed to action in Korea. They have borne the brunt of the battle against the hordes who invaded South Korea on June 25, 1950.

The U. S. still hopes to lead the world to lasting peace. Above, Secretary of State Dean Acheson discusses his world disarmament plan with Anthony Eden.

THE TRIGGER

LEADERSHIP
IN THE WARLEADERSHIP
FOR WORLD UNITY

On Dec. 7, 1941, the Japanese pulled the trigger. Death and destruction rained on Pearl Harbor. The fire swept U. S. S. Arizona and under the waves, an angry America rolled up her sleeves.

The war produced leaders in factories, in the field. Men like Wainwright, Patton, MacArthur, Nimitz. And production wizards. And scientists who built an A-bomb that toppled an empire.

U. S. gave substance to the dream of a world peace organization by sponsoring the United Nations, which first met in San Francisco.

Scandal FreedBradley U. Prexy
Assailed By Judge

NEW YORK (AP)—Judge Saul E. Weitz today gave suspended sentences to three former Bradley University basketball stars in the bribery scandal and assailed David Owen, Bradley president, whom he said gave "university athletes to their moral debasement."

The former players were Gene McWhorter, George Chinnais and William Mann.

They had pleaded guilty Oct. 24 to a charge of conspiracy to fix a March 19, 1949 game with Bowling Green in Madison Square Garden. They faced a maximum sentence of three years in prison.

The three were among 31 former players from seven schools involved in point-fixing scandals. Of the others, five have been sentenced to jail and nine others have received suspended sentences.

Prior to the sentencing John E. Cassidy, a Peoria lawyer and former Illinois attorney general, pleaded for mercy for the trio. He said Bradley's growth had been "too fast and its athletic program too ambitious." This was a sentiment echoed later by Judge Streit.

The general sessions court judge coupled his denunciation to Owen with an attack on "booster clubs" that want the best team "money can buy."

It was the second broadside Streit delivered in the past month against commercialism in college athletics.

Streit on Nov. 19 hit college football and basketball as sordid big business while sentencing five former players to jail and suspending sentences of nine others in the hoop scandal.

GI Who First Spotted Jap
Planes Just Wants To Forget

WASHINGTON (AP)—The onetime army private who first spotted Japanese planes moving in on Pearl Harbor is a railroad man now. Don't sing "Remember Pearl Harbor" to him. He doesn't care for the song.

His buddy, who also stared at the radar screen that tragic Sunday morning and figured something was up, now works in a telephone office. He thinks the U.S. would be "more alert" to any sneak attack today. He hopes so anyway.

And the lieutenant who received their report of approaching planes? He's commanding the 81st Airbase Group in England these days. He still says he was surprised that the planes turned out to be enemy bombers on a sleepy morning 10 years ago today.

That's the 10-years-after story of Pvt. Joseph L. Lockard, who later became a first lieutenant, of Pvt. George E. Elliott, later a sergeant, and of Lt. Kermit A. Tyler, now a lieutenant colonel. Lockard and Elliott got out of the service long ago. Tyler stayed in.

"Ten years ago as a first lieutenant," Tyler told a reporter at Bentwaters, Suffolk, Eng., "I was watch officer in the fighter operations room at Wheeler field (Hawaii)."

"As the clock neared seven, the night staff moved off and I was left with only a telephone operator. The phone rang. The radar tower reported planes on the screen."

"Anyone who has broken or discarded toys is urged to bring them to the Legion home immediately. If transportation is not available, residents may telephone 4943 or 8080, or contact any Boy Scout or scoutmaster for immediate pickup."

The toys will be repaired by Legionnaires and members of the auxiliary and distributed through the churches, Red Cross, Salvation Army and American Legion.

Trucker Faces
ManslaughterGrand Jury To Decide
James Garvin Case

LISBON—A charge of manslaughter filed by Columbiana County Coroner Ernest Sturgis against James W. Garvin, 22, a former Youngstown truck driver whose skidding trailer figured in a fatal collision Oct. 24 near East Liverpool will go to the January Grand Jury.

Justice of the Peace Felix Butch of Lisbon bound the case over Thursday night in Lisbon village hall at a preliminary hearing continued from Nov. 5, when the trucker's counsel was unable to appear.

A \$500 bond set at that time was continued.

The state's case was presented by Prosecutor James L. MacDonald who contended that evidence shows Garvin was driving in a manner out of keeping with weather and highway conditions. The road was wet.

The state presented two witnesses—Sturgis, who arrived at the scene on Route 30 near Memorial Park shortly after the collision, and John Williamson of Hammondsville, who saw the truck pass an intersection just before the accident.

Sturgis said the skidding trailer of the southbound truck sliced off the left side of a northbound car, killing Alphonse J. Zamarelli, 24, of Warren, the driver. The victim's wife, Ann, was cut over the right eye.

Williamson saw the truck pass the Y & O junction a moment before the accident and estimated its speed at 35 to 40 miles per hour adding "He was not going fast." Williamson said the road at the scene was hazardous in rainy weather and that numerous accidents have occurred at the same curve.

Garvin, now working as a crane operator at Verona (Pa.) steel plant, was arrested by the State Patrol after the accident and charged with reckless operation. He was fined \$50 and costs the same day after pleading guilty before Mayor Kenneth Hixcox of Lisbon.

Red Newsman Hints
5,000 Soldiers KilledOliphant Absent
From Hearing
He DemandedEx-Tax Bureau Legal
Officer Had Denied
"Shakedown" Charges

WASHINGTON (AP)—Charles Oliphant, after demanding an immediate public hearing by House tax investigators, failed to appear today at a committee session called to hear him. He sent word he wished to delay his appearance "several days."

Oliphant, 42, resigned two days ago as chief legal officer of the scandal-hit Bureau of Internal Revenue. He said then he felt unable to endure any longer the "vilification" to which he had been subject at hearings by a House Ways and Means subcommittee. The group is looking into charges of irregularities in the tax collecting service.

Blasts Charges
Oliphant blasted particularly at the "scurrilous charges" linking his name to an alleged "clique" of Washington officials which a witness had sworn he was told was on the look out for "soft touches."

This story came from Abraham Teitelbaum, Chicago attorney, who said two men tried to shake him down for \$500,000 on the representation that they would save him from "tax troubles" through their connection with the alleged "clique." He named the two men as Frank Nathan, Pittsburgh promoter and man-about-town, and Bert K. Naster, Hollywood, Fla., business man.

Teitelbaum's story was followed quickly by angry denials from officials. Nathan took the committee's witness chair and swore, under oath, that it was a "dirty lie."

Attorney General McGrath yesterday ordered that the whole matter be placed before a federal grand jury.

Only last night, Oliphant "demanded" the right to reply from the committee's witness chair to the bringing of his name into the hearings.

\$1,162 Collected
In Fines Last Month

City-state fines brought in the major part of the \$1,162 collected by the city in November, according to Mayor Harry M. Vincent's monthly report.

The high city-state total of \$586 was due mainly to the fines imposed on truckers arrested during the past two weeks for hauling illegal-weight loads.

A breakdown of the other figures shows that the city collected \$12 from building permits, \$104 from licenses, \$410 from city fines and \$550, city costs.

TRUCKER FINED
James McCullough, 48, an Alliance trucker, was fined \$75 and costs by Mayor Harry M. Vincent Thursday following his arrest by State Highway Patrolmen for hauling an illegal-weight load.

Senate Committee Cites
Waste At Six Air Bases

WASHINGTON, (AP)—The senate armed services subcommittee on preparedness reported today it had found many instances of "trivial waste" at six air force bases.

"To tolerate these minor wastes is to sanction inevitable large-scale waste," the group's 24th report declared. "The days of luxury are over for our military establishment."

The subcommittee was set up soon after the Korean war broke out, to check on the nation's mobilization program.

Chairman Lyndon B. Johnson (D-Tex.) said subcommittee investigators had found what appeared to be other more glaring instances of waste at the bases than those covered in the report. But he added that further investigation of these is required before making a public report on them.

6 Bases Identified
The six bases are Langley near Norfolk, Va.; Carswell near Fort Worth, Tex.; Lowry near Denver, Colo.; Mather near Sacramento, Calif.; March near Riverside, Calif., and Keesler near Biloxi, Miss.

The report, the group's first devoted to a survey of a number of air force bases, listed these as samples of waste:

Overstocking food at some of the bases.

Substitution of "elaborate . . . costly" dining hall furniture for serviceable equipment.

Requests for a lighted baseball diamond, a golf course and other "lavish recreational facilities" at Mather.

Use of many able-bodied men in "chair corps" assignments which limited-service personnel or WAF's (enlisted women) could fill.

Improper assignment of expensively-trained pilots.

The subcommittee called construction of "hotel-type" dormitories "most unusual" at a time when, it said, economies are in order.

The subcommittee expressed great concern about training costs and production and procurement difficulties which it said were hampering training.

The report said operations costs at Mather averaged \$3,536 per student last July. At Lowry, it said, personnel costs alone amounted to \$6,000 per student during a 20-week electronics course.

The subcommittee said it had decided to look further into "these staggering costs" and had begun the probe at Keesler field.

As to production and procurement problems, the report said: TB-30 planes were "not in proper condition" when received at Mather from storage at Boeing Aircraft Co. for training missions.

An ordinance to transfer money out of the general fund into the police salary fund to provide for the retention of Gilbert Bartha as a city patrolman probably will be presented to City Council by the finance committee at the next regular meeting, Council President Curtis H. Vaughan said today.

Following Council's regular meeting Tuesday, members of the finance and safety committees met and agreed to introduce the legislation at the next session.

The action was taken following Mayor Harry M. Vincent's request at the meeting that Bartha be kept on the force for the remainder of the month. He was scheduled to have been dismissed Wednesday upon the return to duty of R. W. Kirchgessner, former patrolman recently discharged from the Marines.

Allies Told Only
Half of Missing
Are PrisonersNegotiators Meeting
To Talk Withdrawing
Troops From Korea

MUNSAN, Korea (AP)—A Communist correspondent hinted today that no more than half of the 10,000 Americans reported missing in Korea are prisoners of war.

The report came from a Chinese newsman at Panmunjom, where Allied truce negotiators today opened a major effort to reach agreement on a compromise program for policing an armistice.

No Early Withdrawal

The Allies dropped their demand for point U.N.-Communist inspection teams. They also told the Reds the question of withdrawing troops from Korea could be "brought up and discussed later."

But they said troop withdrawal early in the armistice definitely is out.

Chu Chi-Ping, a Communist correspondent covering the armistice negotiations, told Allied newsmen he knew of no war in which more than half of the soldiers listed as missing were prisoners.

"I do not see why the Korean War would be different from other wars in this respect," he said.

Chu referred to the fact that only part of those reported missing in action are taken prisoners. The others are killed in action and their bodies not recovered.

Allied correspondents did not construe his statement as confirming the recent report by Col. James M. Hanley, chief of the U.S. Eighth Army's judge advocate's section, that the Reds had slaughtered approximately 5,500 American prisoners.

Prisoners Held in Korea
Other Red correspondents at Panmunjom said all Allied prisoners are being held in big camps in Korea near the Manchurian border. He said none have been taken to China.

Allied truce negotiators launched their effort to obtain agreement on a program for enforcing the truce by rewriting the Communist plan to include U.N. demands.

The two-man subcommittees reached general agreement on three points, left three for further discussion and were sharply divided on two when the four-hour session ended.

Before Friday's meeting broke up, U.N. delegates told the Reds they were "receptive of any ideas" the Communists might have for breaking the deadlock.

When the Reds raised their favorite subject—withdrawal of all foreign troops from Korea—Maj. Gen. Henry I. Hodes said the U.N. command was willing to discuss the matter after agreement is reached on policing the armistice and exchanging prisoners of war.

"There can be no withdrawal or reduction during any early stage of the armistice and in any event this is a question that can be brought up and discussed under Item Five" (last item on the agenda), Hodes said.

Mention of discussing the withdrawal was regarded here as a conciliatory gesture.

In the 1860's, wastage from wells and leakage from tanks and barges covered Oil Creek, in Pennsylvania, with floating oil. People stood along the banks with buckets, skimmed the oil off the top of the water, poured it into barrels and sold it, thus getting a start in the oil business.

12 Aliens Granted U. S. Citizenship

Twelve county aliens, including three from Salem, were granted citizenship Thursday morning at the Courthouse in Lisbon. Two others were repatriated.

Common Pleas Judge Joel H. Sharp welcomed the group and charged the new citizens with their responsibilities.

Final hearings were conducted by James E. Bannahan and Stewart Shoultz, agents from the Pittsburgh office of the Bureau of Immigration and Naturalization.

Chiefs of Court John W. Coleman administered the oath of allegiance to the following persons: (native country in parentheses):

Elizabeth Brobender, 223 W. Penning St. (Austria-Hungary); John Bertoni, 906 W. 4th St. (Romania); and Penny Smith, 515 Franklin St. (England), all of Salem.

Josephine Gonsky of Lisbon (Italy); John Teli of E.D. 1, Hanover, (Hungary); Maurice Hale of E.D. 1, Salineville, (Greece); David H. McGowan and William McGowan, both of Wellsville, (Canada).

John E. Hensley, (Canada); Agnes S. Dunlop, (Scotland); Spiridon Papadopoulos, (Greece); and Gertrude Marie Adams, (England), all of East Liverpool. Repatriated were Mrs. Mildred Hensley of Romea and Mrs. Mildred Hensley of East Liverpool who lost their citizenship through marriage to alien prior to Sept. 22, 1922. That law is no longer effective, Bannahan said.

Unity School Bonds Will Be Submitted

WATFOLISTERS—The Unity School district Board of Education decided Thursday night to recommend at a special meeting in mid-January a \$25,000 building bond issue that was turned down by a 5-vote margin at the Nov. 19 election.

The issue would finance an addition to the present building over the thirteen new classrooms, a cafeteria and a health department.

A resolution to resubmit the bond issue was reported, but the vote will not be fixed pending a conference with the county election board. The date depends upon preliminary action to clear the question for a ballot place.

Senior Class Play Lauded By Audience

The hilarity of the Katharine Kavanaugh comedy, "Girl Shy," was brought out in full in an excellent presentation of the play last night by the seniors of Salem High School.

The success of the play, which will be presented again tonight, owed much to the careful casting of the director, Irene Weeks. No better choice could have been made for the role of the gift to women, Oakley Stinson, than Darrell Askey.

Askey pleased the audience with some fine singing in the first act, and many were disappointed that he did not sing in later acts. Michael Silvers played the girl-

shy college boy well, as did Everett Crawford in the role of Alfred Tennyson Murgatoyd, who saw poetry in white goats.

Beatrice Rufer gave many laughs in her splendid presentation of the difficult role of Asma, the wash lady. Dorothy Pozniko also was commendable as Caroline Arsdale.

Comments on the fine performances of the entire cast were heard after the curtain, and on the realistic stage settings and costumes.

WASHINGTON, (AP)—Additional natural gas may be available to customers in Ohio and Kentucky this winter, Texas Gas Transmission Corp. said today.

The company yesterday asked for immediate authority for a \$2,992,000 expansion of facilities to deliver additional fuel to Ohio Fuel Gas Co. of Columbus and the Louisville Gas and Electric Co.

If the Federal Power Commission (FPC) grants the request for a temporary certificate to increase compression facilities by 12,240 horsepower, the company said it can complete the work this winter.

Girl Scout Board Welcomes New Leader Representative

MISS MARY CATHERINE DONAHUE, new president of the Girl Scout Leaders Association, was welcomed as leader representative by the Salem Girl Scout Council board of directors at a meeting Thursday morning in the Memorial Building.

Mrs. George Huston, troop organization chairman, reported that two new flyup troops will be started the second week in January, if there is sufficient leadership. Senior troops 1 and 3 are combining the first of the year, Mrs. Huston also reported.

The organization committee is scheduled to meet Jan. 2 in the Girl Scout office.

Mrs. John R. King told the officials that the collection of pencils and paper for the school children in Israel by the various

troops was very gratifying. The girls assisted Salem Section, National Council of Jewish Women, in this project.

A review of council policies was made by the members, with several revisions, and new copies will be made to be distributed to leaders and troop committee chairmen.

Two songs, "Mary's Lullaby" and "Song in the Air," were sung by Mrs. A. F. Huber, and Mrs. R. E. Buckholdt followed the Yuletide theme in telling two stories, "Bethlehem" and "Keeping Christmas."

On special interest was the story told by Mrs. Edna Trotter, who explained how her husband purchased the first string of Christmas lights in Salem for 350 about 30 years ago.

The lights, which were a great novelty in those days, were brought to Salem by A. D. McPeters, an electrician here, and they were displayed during the holidays at the time store. On Christmas Eve Mr. Trotter bought the 24-light string and used it in his home.

Silk Threads Stop Planes

A TRICK used by bomber crews in World War II to stop their disabled planes on returning home has been perfected to slow down 600-mile-an-hour Boeing Stratofortresses as soon as they touch the ground. The device is a 32-foot parachute attached under the tail of the 185,000-pound world's fastest bomber. During the war flyers hit upon this idea when their braking systems were shot away. They hooked their own personal chutes to gun mounts and saved many big planes.

WHOA! SAYS THE PARACHUTE, decelerating this Stratofortress on a runway at Wichita, Kan. It gives a big assist to the anti-skid braking system on the tandem-type landing gear.

PACKING the brake chute is fast and simple. The pilot chute at the far end of the table pulls the larger chute into the airstream. READY FOR USE, the parachute is loaded into a special compartment under the big plane's tail. A cockpit handle pops it into use.

Guidance Plan Outlined To Lisbon Kiwanians

LISBON—The Kiwanis Club's vocational guidance program for high school seniors was outlined at the club's weekly luncheon in the Pythian Sisters Hall by Rev. E. D. Fager, chairman of the boys and girls work committee.

The counseling project is new this year. Questionnaires have been issued to students and school authorities and interviews will be arranged by the committee.

Rev. Fager gave tips on counseling, emphasizing the need of presenting a job's bad points as well as the good and the importance of letting the student reach his own conclusions and final decision.

Robert Leggett, president-elect, was program chairman. R. Dale Miller, president, announced that wives of members with wedding anniversaries in December will be guests at Thursday's lunch.

In an action filed Thursday against the Industrial Commission of Ohio, Fodale stated his application for compensation, filed Nov. 29, 1950, was denied Nov. 16, 1951, by the commission.

Ohio Fishing Restrictions Lifted Starting March 1

COLUMBUS (AP)—You can fish all you want to in Ohio any time after March 1, 1953—except in five specific types of places.

The Ohio Wildlife Council yesterday lifted all restrictions on the size and number of fish that may be caught, and abolished closed fishing seasons, effective March 1.

The five places excepted are: state hatcheries; commercial fishing in Lake Erie and Lake Pymatuning, Ashtabula County; all permanent fish sanctuaries; waters where there is game management, and public bathing beaches under the administration of the Department of Natural Resources.

A Wildlife Council spokesman said the group believes liberalized fishing "does not hurt fishing or the fish population."

Steelers Stand Between Browns and American Division Crown

Pittsburgh Plays Host To Cleveland Sunday

CLEVELAND (AP)—Only the Pittsburgh Steelers—a team with a rugged pass defense—stand between the Cleveland Browns and the American Division championship.

By winning the Steelers in Saturday's game at Pittsburgh, the defending National League champion could mathematically clinch the American Division title. That would assure them a spot in the play-offs against the National Division leaders for this year's season.

PITTSBURGH may prove to be no small barrier. The Steelers have managed to win only three games but they have tied the New York Giants and one of their victims was the tough Philadelphia Eagles.

The Steelers have allowed opposing teams fewer yards on passing than any other in the league. Although they lost 17-41 in their first game against the Browns, the Steelers gave up only 35 yards all afternoon to Otto Graham's throwing.

Coach Paul Brown wants this victory because he doesn't want to have the title at stake in the last game of the regular season, which will be Philadelphia. The Eagles are even tougher and Brown expects them to play over their heads if they get a chance to try Cleveland out of the race.

THE STEELERS bottled up the Cleveland offense, unit in the first game and both Brown touchdowns were scored by the Cleveland offense unit.

Coach Ottomano's punt bounced off a Pittsburgh lineman in the second period and Cleveland's

end, Horace Gillon, grabbed it on the Steeler 12 and ran over. Warren Lahr, a Brown defensive halfback, intercepted a pass by Joe Ger in the third period and ran 26 yards for the other six-pointers.

The other three points came on a field goal by Lou Groza.

ON PERCENTAGES, Graham is the best passer in the league. He has completed 124 of 220 throws for 1,917 yards and 34 touchdowns for Cleveland. Ottomano, the best Pittsburgh thrower, has completed 40 of 87 flings for 481 yards and three touchdowns.

The Steelers have no catcher to compare with Dante Larvelli, the Brown end who has caught 37 throws for 536 yards and four touchdowns.

The Browns will leave Cleveland by train tomorrow night and return after the game Sunday.

If they come back with a win, their opponents in the playoffs could be the Detroit Tigers or the Los Angeles Rams, who play on the West Coast. The Browns came from behind and edged the Rams in the last playoff.

Cincinnati Football Attendance Increased

CINCINNATI (AP)—University of Cincinnati football attendance increased to 157,829 paid admissions in 1951, for an average of 19,742 for each of the eight home games.

The UC Athletic Department said yesterday the 1950 total for eight home contests was 155,454, an average of 19,432.

Tennessee, Michigan State, Maryland Players Capture AP All-American Football Honors

By HAROLD CLAASSEN

NEW YORK (AP)—Tennessee, Michigan State and Maryland—the top three teams in the final poll of the season—shared the major honors on the Associated Press All-America 1951 football team announced today.

Tennessee, co-champion of the Southeastern Conference and taking an unbeaten record into Jan. 1's Sugar Bowl game, was honored with Hank Lauricella on the offensive backfield and William (Pug) Pearman on the defensive team at tackle. Ted Daffer, defensive guard on the team a year ago, is on the second team this year.

MICHIGAN STATE, also unbeaten, lands two berths on the offensive team, one going to Bob Carey, the end, and the other to Don Coleman, the catlike tackle. Maryland, unbeaten like the other two leaders and booked to play Tennessee in the Sugar Bowl, has Bob Ward, a repeater from the 1950 team, at offensive guard and the Modzelewski Brothers on the second aggregation. Edward, known as Mighty Mo, is in the runner-up defensive backfield while Richard, dubbed Little Mo, is a defensive tackle.

THREE OTHERS, in addition to Ward, are repeaters from the 1950. They are Richard Kazmaier, Princeton's all-around

back; Jim Weatherall of Oklahoma, defensive tackle, and Les Richter of California, line backer.

The teams:

Offensive—
Ends—Bill McColl, Stanford; Bob Carey, Michigan State; tackles—Bob Tonneff, Notre Dame; Doug Moseley, Kentucky; backs—Dick Kazmaier, Princeton; Hank Lauricella, Tennessee; Hugh McElhenny, Washington; Larry Isbell, Baylor.

Defensive—
Ends—Pat O'Donohue, Wisconsin; Dewey McConnell, Wyoming; tackles—Jim Weatherall, Oklahoma; William Pearman, Tennessee; guards—Ray Beck, Georgia Tech; Joe Palumbo, Virginia; line backers—Keith Flowers, Texas Christian; Les Richter, California; backs—Bobby Dillon, Texas; Al Brosky, Illinois; and Ollie Matson, San Francisco.

THE TEAM was picked after Dec. 1 games in consultation with 11 prominent sportswriters. They had the benefit of reports from hundreds of writers and broadcasters throughout the country.

Kazmaier, only repeater among the backs, already has been named the winner of the Heisman and Maxwell Awards for his spectacular play this season with

Princeton. He was the only returning member of Princeton's great 1950 team and little was expected of the Tigers.

Football Spring Practice Favored By Sportswriters

NEW YORK (AP)—Spring football practice should be continued in the opinion of the majority of the nation's sportswriters and sportscasters who voted in the Associated Press' end-of-the-season poll.

However, almost half of those who think that spring practice should be kept believe that some sort of limitation should be placed on it. Of the 116 replies to the questionnaire, 74 thought spring practice should go on, while 36 voted for its abolishment. Of the 74, 36 were of the opinion that it should be regulated.

Most of those who went along with spring practice thought its elimination would not help any de-emphasis program or act to cure any of college football's ills. The main reason for those who want it eliminated is that it interferes with other sports and places too much stress on the gridiron.

The National Collegiate AA will hold its 46th annual convention in Cincinnati, Jan. 9 through 12. Football, undoubtedly will be the main topic of discussion.

Snead, Bolt Lead Miami Open Golfers

MIAMI, Fla. (AP)—It appeared that pur shooters would be out of the money as the second round began today in the \$10,000 Miami Open Golf tournament with defending champion Sammy Snead and Tommy Bolt of Durham, N. C., in the lead.

The smooth, level, 6,510-yard Miami Springs Municipal Course proved to be duck soup for Snead, Bolt and a host of other players in yesterday's opening 18-hole trial.

The leaders whacked six strokes off par with 64s and 29 others came in a stroke or better under the par figure of 75-70. Snead and Bolt, hot after the \$2,000 top prize in the first major tournament of the Florida winter season, finished the first round with a two-stroke margin over the field.

Grouped in third place with 66s were Doug Ford of Harrison, N. Y., Tony Penna of Cincinnati and Al Bessellink of Mt. Clemens, Mich. Dead-locked in sixth place with 67s were Lloyd Wadkins of Miami, Jimmy Demaret of Ojai, Calif., Bob Hamilton of Evansville, Ind., and Lew Worsham of Oakland, Pa.

Saddler, DeMarco Fight Tonight

NEW YORK (AP)—A possible Sadler have been almost as rough as the Pep-Saddler series.

Slashing Sandy, upset by DeMarco on Aug. 27, was rated an 8 to 5 favorite to capture the non-title ten rounder. The 10 p.m. (EST) bout will be telecast by NBC and broadcast by ABC.

Two years ago the New York Negro stopped Paddy in nine rounds in their first clash. This marks Sadler's first outing since he was suspended indefinitely for his foul-packed brawl with Willie Pep on Sept. 28. Pep had his license revoked.

Miami, Pittsburgh Clash

Tonight In Orange Bowl

MIAMI, Fla. (AP)—The Universities of Miami and Pittsburgh clash in the Orange Bowl Stadium at 8:15 p.m. (EST) tonight in an intercollegiate football finale expected to draw close to 40,000 spectators.

The Gator-Bowl bound Hurricanes of Miami are rated one of two touchdown favorites on the strength of their record of seven victories and only two defeats. They're unbeaten in regular season play on their home grounds since 1949.

Pittsburgh won only two games this season while losing seven.

Baseball's 24-Hour Recall Voted Down By Minor League

Majors Expected To Cast Ballot Monday Against Rule

COLUMBUS, (AP)—Although the Minor Leagues voted overwhelmingly to wipe out baseball's 24-hour recall rule, the statute will remain on the books, an informal poll of the big league clubs indicated today.

The rule, which President Frank Shaughnessy of the International League described as "even a bigger threat to the structure of the Minors than nationwide broadcasting and televising of Major League games," has long been a sore point with the little fellows. Their constant cry has been that the rule robs them of their stars and kills off the attendance.

THE RULE allows the Majors to recall their optioned players by giving only one day's notice. In this way, the parent clubs can shuffle their players back and forth at will.

By a 41 to 7 count, the Minor Leagues voted to toss the rule out the window. This means that a player, once sent down, must remain for the entire Minor League season, including playoffs. The Majors, however, also must pass this amendment in order to kill the rule.

This, however, does not seem likely unless there is a change of heart between now and next Monday when the vote comes up.

A POLL of a majority of the big league clubs showed that at least five clubs in the nation—Brooklyn, New York, St. Louis, Philadelphia and Boston—and four clubs in the American—New York, Detroit, Boston and Philadelphia—will vote against the amendment. That leaves only three in the National and four in the American who are likely to back the Minors, far short of the needed majority.

The Minors, however, won an important point when they voted unanimously to set up a new "open" classification. This was interpreted as a tremendous victory for the Pacific Coast League which has been clamoring for higher status for years.

Naturally, coast leaguers were jubilant over their victory for special recognition. With the approval of the Majors, which was expected, they expect to apply "night-away" for the "open" rank one step higher than Triple A. At the present time there are three Triple A leagues—the International, American and PCL.

WE MUST all the requirements," said Leslie O'Connor, Coast League secretary. "There seems to be no question about this being passed by the Majors. It's the opening wedge to becoming a Major in from five to ten years." The "open" class would permit the PCL to have first draft rights from lower classification leagues, raise its own draft fee from \$11,000 to \$15,000, enable its players to stay an extra year (four to five) and give its players the right of refusal to be drafted.

For West, Scandinavia's 1950 three-year-old, has won three trophies—Danish, Swedish and Norwegian. He is the all-time leading money winner in Denmark.

Turner, Eagan, Walcott Get Boxing Awards

NEW YORK (AP)—Heavyweight Champion Jersey Joe Walcott, former Athletic Commission Chairman Eddie Eagan, and 21-year-old Gil Turner, a sensational boxing newcomer, today were chosen for the Boxing Writers Association's three main awards of 1951.

Walcott, who won his title by knocking out Ezzard Charles in an amazing upset last July, was voted the Edward J. Neil Memorial Plaque for having done the most for boxing during the year. The plaque is named in honor of Neil, Associated Press sports writer who was killed in 1937 while serving as a war correspondent in Spain.

EAGAN, Olympic light heavyweight boxing champion in 1920, a Rhodes Scholar, attorney and chairman of the New York State Athletic Commission for 6½ years, was picked for the James J. Walker Memorial Award "for long and meritorious service" to boxing. Eagan resigned his commission post last September.

Turner was selected for a new prize, the rookie fighter of the year trophy. The undefeated Philadelphia Negro, who started boxing as a pro only 19 months ago, has surged to the top flight of the welterweight division in that short space of time.

Stanford Mentor Coach Of The Year

NEW YORK (AP)—Charles (Chuck) Taylor, first year coach at Stanford, today was named the football coach of the year in a ballot tabulated by the New York World-Telegram & Sun and other Scripps-Howard newspapers.

Taylor, who guided his team into the Rose Bowl in his first year as head coach, succeeds Charles Caldwell of Princeton. The 31-year-old tutor will receive a huge plaque at a dinner Jan. 10 at Cincinnati during the Football Coaches' Association convention.

Of the 422 votes cast, Taylor received 302. That gave him a lead of 18 over Gen. Robert Neyland, Tennessee coach, and 36 over Clarence (Biggie) Munn of Michigan State. Caldwell was fourth.

Bowling Tournament Inaugurated Today CHICAGO (AP)—Chicago's Coliseum opened today for the vanguard of 224 men and women bowlers who tomorrow open a nine-day contest for National Individual Match Game championships.

Last year's champions, Dick Hoover of Akron and Mrs. Marion Ladewig of Grand Rapids, Mich., are to defend their titles. Mrs. Ladewig also won the title in 1949, the first time women's tourney.

Sixty-four women and 160 men—most of the nation's top bowlers will participate. Six women, including Mrs. Ladewig, and 29 men, including young Hoover, have been seeded into the final round robin.

NO YOU DON'T—Looking like he was tasting something bitter, Boston Bruins' goalie Sugar Jim Henry stopped a goalward shot of the Red Wings Vic Stasiuk at the Detroit Olympia. The result was bitter for both sides and the spectators, a 1-1 tie.

Davis Cup Pair Downs Aussie Doubles Team

MELBOURNE, Australia (AP)—America's new Davis Cup doubles combination of Ted Schroeder and Tony Trabert looked like money in the bank in thrashing the Australian pair of Adrian Quist and Geoff Brown, 7-5, 6-4, and 6-3, in the finals of the Victorian tennis championships today.

The result never was in question after Ted and his young Navy helper rallied from being down, 1-4, in the opening set to win going away under a blazing hot sun in Koooyong Stadium.

The pair, which will represent Uncle Sam against Sweden in the Interzone Final here next Thursday, swept through four victories in the tournament without losing a set—all against Australian opponents.

Quist and Brown broke Tony's and Ted's service in succession at the start of the match and grabbed a 4-1 advantage in games. A questionable line call which had even the Aussie players looking at the line man contributed heavily to Tony's loss of his delivery.

But that proved the last threatening gesture of the Aussies. Neither American lost his service again and only twice were they carried to deuce.

Trabert was the most spectacular player on the court. His steady play held the team together in the first until Schroeder settled down. In one series of five consecutive services, Trabert yielded only two points.

Former Bradley Cage Stars To Be Sentenced NEW YORK (AP)—Gene Melchiorre, George Chianakis and William Mann, three former Bradley University basketball stars, were scheduled to be sentenced today on their plea of guilty to fixing a March 19, 1949 game with Bowling Green in Madison Square Garden.

The three pleaded guilty on Oct. 24 to a charge of conspiracy, a misdemeanor punishable by maximum sentence of three years. Bowling Green won the game to take third place in the National Invitation Tournament that season.

The trio are among the 31 former players from seven schools involved in the point-fixing scandals. Of the others, five were sentenced to jail on Nov. 19 and nine others received suspended sentences.

Notre Dame Seniors Present Ball To Invalid

LONG BEACH, Calif. (AP)—An invalid paralyzed for six years was proudly showing one of his most cherished football souvenirs today—the game ball from Notre Dame's victory over Southern California last Saturday.

The fan, who ran a bar at Copper, Wyo., before he suffered a stroke, watched the game on television. The ball was presented to him by Notre Dame's coach, Frank Leahy, on behalf of seniors on the squad.

The invalid is Jack Leahy, the coach's elder brother.

Today a year ago—George Trautman, president of the Minor Leagues, was elected to a new five-year term.

Twenty years ago—Football deaths for 1931 season totaled 42, 100 per cent greater than ever before.

Stocks Continue
Rise, Led by Rails

NEW YORK (INS)—The stock market pressed forward with renewed vigor today under the continued leadership of rail shares.

The persistency of the rise, which has now brought higher prices in seven of the last eight sessions, intensified public buying interest. This was reflected in the transfer of many large blocks of stock, running to 26,000 shares in Armour, which opened 1/2 higher.

Volume for the first hour totaled \$560,000 shares, nearly double the 300,000 shares dealt in during this period yesterday.

Canadian Pacific supplanted Northern Pacific as the pacesetter in the rails.

Buoyant industrials included American Cyanamid up 1 1/4; Union Carbide up 1; and Dupont up 3/4.

At 11 a. m. The Dow Jones industrial was up \$1.56; the rails gained 96 cents, and utilities were up 17 cents.

WINS TOP AWARD — Sgt. James E. Johnson, 25, of Washington, D. C., and Pocatello, Ida., became the seventh Marine to win the Congressional Medal of Honor in Korea. Johnson was wounded and presumed captured by North Koreans on Dec. 2, 1950, as he deliberately engaged the enemy in hand-to-hand combat to save his platoon. Presentation of the medal will not be made to his wife, but will be held "with the hope" that the sergeant can claim it personally "in the near future."

Kiwanis Enlightened
On County Schools

James L. McBride, superintendent of Columbiana County schools, gave a talk on the school system at the Kiwanis Club luncheon meeting Thursday noon in the Memorial building.

Mr. McBride told Kiwanians 90 county school buses travel 3,000 miles a day to deliver 5,000 pupils to and from their respective schools. Buses haul 1,500 of those pupils to high schools out of their local school districts, he said.

The superintendent illustrated his talk with a chart pointing out the different districts. He also showed pictures of the new United Local School at New Garden, which has replaced seven buildings and has an enrollment of 650 pupils.

In 1936 more than 90 one and two-room schools were in existence in the county, but only five are left. Those five will be closed next year, Mr. McBride said.

Morning religious services are conducted in all the schools. Lee Vincent was program chairman.

Lockard, 30, who phoned the first message to Tyler on Pearl Harbor day, is an assistant track supervisor for the Pennsylvania Railroad in Philadelphia.

Like Tyler, he's married and has a son and a daughter. He doesn't care much for talking about the old days—especially Pearl Harbor day.

"My memories of Pearl Harbor are not happy," he says.

Lockard's recollection differs somewhat from Tyler's. He has said previously that the lieutenant, when informed of the approaching aircraft, told him to "forget it."

Elliott, 33, is married and has one son. He does clerical work for the New Jersey Bell Telephone Co. at Asbury Park, N. J.

Thinking back to Dec. 7, 1941, and the "large flight of planes" that showed up on the radar screen, Elliott says he was just plain bewildered—"it didn't seem possible."

"I think the United States would be more alert now. I hope we're not falling down on the job," he added.

Does he look for anything like another Pearl Harbor in the future?

"Looks like things are repeating themselves, so to speak," said ex-Pvt. George Elliott, 10 years after.

Approximately 3,000 executives from virtually every state and major city, 300 western European industrialists, 49 college students and the 12 apprentices attended the NAM event.

One of these, he said, was a \$1,300 loan Olipphant listed as owing Henry Grunewald, Washingtonian who describes himself as a public relations man. Another was an expense-paid fishing trip in the plane of a man with tax difficulties.

Without giving details, a committee source hinted at new developments in the sensational \$300,000 tax shakedown attempt to which Abraham Teitelbaum said he was subjected.

Story of Corruption

Lax Federal Tax Collecting May Be Worst Scandal Yet

By CHARLES B. SEIB

WASHINGTON, (INS)—The tax scandal chapter of the "corruption in government" story is still being written—and it promises to be the most devastating of all.

It started quietly when Sen. Williams (R) of Dela. began complaining about irregularities in the Bureau of Internal Revenue, the government's tax collecting agency.

But William's charges, at first ignored, have set off a chain reaction culminating in mass firings in the Bureau and the dismissal of Assistant Attorney General T. Lamar Caudle, chief of the Justice Department's tax section.

As the story unfolds it presents the now familiar picture of favors done and favors accepted with undertones of actual law violations.

In this case there is even a batch of mink coats involved—ones bought with the help of a tax lawyer.

By the end of last week, the total of those deposed by the tax scandal had reached about 50, and the end was not in sight.

PRESIDENT TRUMAN ordered mass firings and personally removed three politically-appointed tax collectors.

Internal Revenue Commissioner George Schoenemann resigned and was replaced by hard-hitting John B. Dunlap. Carroll E. Menley, head of the Alcohol Tax Unit, also quit, as has James B. E. Wilson, who headed ATU's New York office.

Caudle, assistant attorney general in charge of tax cases who had been under fire for the Justice Department's alleged reluctance to prosecute such cases, was fired by President Truman for his "outside activities."

Six internal revenue collectors, political appointees of the Roosevelt administration, have left their jobs—two were fired, two were suspended and two quit under fire.

A large number of lesser officials and agents have been fired or suspended or have resigned. At least five indictments have been handed down and more may be in the offing.

And a House subcommittee is still busy probing into every nook and corner of the tax collecting system looking for new irregularities and for evidence of an "organized plot" to corrupt the whole agency.

A LEADING FIGURE in the tax scene is James Finnegan, who resigned as tax collector in St. Louis and who is now under a felony indictment.

Finnegan, a silver-haired personal friend of President Truman, first appeared on the Washington scene when the Fairplay for American Workers Committee charged that he and Mrs. Jacob, his wife, had been paid \$100,000 by the government-owned textile firm.

He was later involved with the then Democratic national chairman, William Boyle, in the efforts of the Lithofield Corp. of St. Louis to secure an RFC loan.

The felony indictment charges Finnegan with receiving \$3,000 from the Lithofield for inter-vening with RFC. It also asserts that he received \$200 from the Karol Bell Garment Co. at a time when the firm had a tax case pending.

Another prominent figure in the tax scandal is Denis Delaney, a one-time pack-and-shovel WPA worker who became tax collector in Boston. Delaney was indicted on charges of accepting \$12,500 to influence his official decisions.

IN SAN FRANCISCO, meanwhile, two former revenue agents—Ernest Schino and Patrick Mooney—were indicted on charges of using an insubordinate Nevada copper-mining company as a means of collecting from tax delinquents who wanted to avoid prosecution.

As the House investigators, with an occasional assist from Sen. Williams, dig deeper, the casualty list in the Bureau grows longer.

A number of agents were dropped when they refused to reveal their worth. Others tried to explain their incomes by saying they had been extremely lucky at the race tracks. There was every indication that some of those who left the Bureau might have to face criminal charges.

The tax scandal chapter of the corruption story is by no means over. The House investigation is continuing and, as Rep. King (D) Calif., who heads the subcommittee, said recently:

"In many ways our work has just begun."

Jury Gets Vote Case

CANTON (AP)—The trial of Paul D. Lyon, charged with forging names of disabled patients at his rest home during a Canton city council election, goes to the jury today. Lyon testified yesterday he had no intention to defraud and has merely assisted some voters who were incapable of making their own applications or casting their own ballots.

Mr. Pai spoke to the members of the school on the current situation in Korea and made several predictions of events to come. He particularly emphasized the need for the schools to develop men and women with the integrity of men like Abraham Lincoln.

Rev. Donald K. McGarrath of the Homeworth Presbyterian Church introduced Mr. Pai, who has been in the United States since 1949 but expects to return to Korea in the spring of 1952. He will reopen the Presbyterian Church in South Korea.

Mr. Pai has a son and daughter who are both being trained in church work in order that they may assist their father in his Christian endeavors.

Taft Feels He Can Beat Ike For GOP Nomination

ST. LOUIS (AP)—Robert A. Taft feels he can beat Dwight D. Eisenhower if the general makes a bid for the Presidential nomination.

He said so last night when reporters interviewed him after his arrival in St. Louis for three speeches today.

"Do you think you can beat Gen. Eisenhower if he runs?" Taft was asked.

"Oh, yes; I was very confident of that from the beginning," he replied with a shrug.

The Ohio Republican thinks he can also win over Gov. Earl Warren of California, who, like Taft, has announced his candidacy for the GOP nomination.

What Korean Truce Means To Both Sides

Featured below are four reasons why both the UN and Reds would benefit by an armistice in Korea. A permanent cease-fire would free the Reds from the fear of all-

out bombing and atomic weapons. In addition, any UN gains during the 30-day truce agreement would be nullified if an armistice is agreed upon before the

deadline. Like the Reds, the UN would gain relief from war's fearful cost in men and money. Prestige-wise, UN would emerge victorious as liberators of South Korea.

Relief for UN actions from the severe drain upon their resources and their ever-mounting manpower losses.

Red casualties are 15 times the UN's. Despite superior numbers, they have been unable to match highly mechanized UN Army's firepower.

UN will have fulfilled its mission of liberating S. Korea. UN shells and bullets will have taught Reds object lesson.

Reds wish to avert possibility of UN use of tactical A-bomb. UN could gain no ground during 30-day truce settlement.

UN could devote fuller attention to problem of building a North Atlantic Treaty Organization Army capable of defending Europe.

By prolonging truce negotiations, Reds would run risk of provoking the UN to bomb air bases and supply depots in Manchuria.

District Farmers To Attend Numerous County Meetings

Hundreds of district farmers will attend numerous meetings and institutes throughout Columbiana County during December and January.

Dairy records and dairy breeding problems will be discussed when Columbiana and Mahoning County members of the Central Ohio Breeding Association have their annual meeting at 8 p.m. Thursday in the Masonic Temple here.

The speakers will be Richard Holgate, manager of the association, and Charles Baldwin, a member of the field staff. Both are from Columbus.

A report on their activities during the last year will be given by Delmer Little of East Rochester and Walter Gelf of RD 1, Columbiana, association technicians in Columbiana County, and Robert Wiley of North Lima, Mahoning County technician.

The association's director, Marion Sanor of East Rochester, will preside.

Membership from the two counties totals more than 1,000 dairy-men. The association, largest of two of its type in the state, has its headquarters in Columbus.

Other meetings scheduled to be held this winter in the Masonic Temple here are as follows: Dairy Institute, Tuesday, Jan. 8; Soils and Crops Institute, Tuesday, Jan. 22, and Poultry Institute, Tuesday, Jan. 29. The annual district Potato Growers Institute is set for Thursday, Jan. 24, in the First Methodist Church in Salem.

Institutes Scheduled

Farm institutes will be held at the following places in the county:

Hanoverton—Town Hall, Dec. 11-12, Tuesday night and Wednesday; three sessions.

Knox Township—Mile Branch Grange, Dec. 12-13, Wednesday night and Thursday; four sessions.

Clarkson—Clarkson Grange, Dec. 14-15, Friday and Saturday; five sessions.

West Twp.—Bayard Grange, Jan. 14-15, Monday and Tuesday; five sessions.

Salem—Memorial Building, Jan. 16-17, Wednesday and Thursday; five sessions.

Fairfield—Fairfield Centralized School, Jan. 17-18, Thursday and Friday; four sessions.

December lectures for the institutes are Luke E. Biggs of Mount Vernon and Mrs. George L. Peters of Oak Harbor. Rev. Homer E. Felty of Ironton and Mrs. Doris P. Wipert of Washington Court House will speak at the January institutes.

Local Teachers Given Reading Demonstrations

Primary and intermediate grade teachers Thursday heard reading demonstrations in Reilly school given by Miss Mary Waddell, associate editor of "My Weekly Newspaper," a publication which grade school pupils receive once a week.

The readings were conducted at 10:15 a.m. before first, second and third-grade teachers and at 2:15 p.m. before teachers of the fourth, fifth and sixth classes. In each instance pupils of one

class stayed for the demonstration while the other classes were dismissed early.

THE WEATHER and human ailments are favorite topics of everyday conversation. The next-door neighbor is alert to recommend her favorite remedy for any set of symptoms. Another friend holds implicit faith in something else. You are caught in a cross fire of claims and counterclaims.

Your physician has spent at least eight arduous years in the study of health and disease. He is thoroughly familiar with the techniques of diagnosis and treatment. The pharmacist's specialty is the preparation and dispensing of the drugs your doctor orders. When ill, first see your doctor. Then bring your prescription to us.
